Description

JGD-BR-Q

BR Break-In Oil 15W-50 - 1 quart

Proper Foundation For Maximum Durability & Performance

Recommended by multiple cam manufacturers, this unique petroleum oil provides optimum levels of Zinc and Phosphorus for flat tappet and aggressive roller valve trains, and the additive package promotes ring seal. Provides the maximum protection available for cams and lifters during initial break-in. Does not require additional ZDDP additives. Good for full power pulls on the dyno, one night of racing or up to 400 miles on the street. Viscosity typical of 15W-50.

- ZDDP-Fortified Cam Protection
- Chemically Seals Piston Rings
- Protects Bearings & Journals
