Description

New Billet Alloy Lightened Ford Cleveland timing case covers with Adjustable Timing Pointer and suitable for Billet Electric Waterpumps

Our newest version of Billet 6061 T6 .625" thick Cleveland timing case cover is lightened on the inside and outside featuring an adjustable timing pointer, made to suit Billet Electric Waterpumps no longer requires the use of a backing plate.

These timing case covers DO NOT have a stock external appearance, but will still bolt straight on with no modifications needed. A standard timing case cover seal can still be used. No special parts required to fit.
