Description

Aeroflow Performance is recognized as one of the leading international manufactures of AN style hose ends and adapters. Aeroflow fittings are made from 6061 T-6 aluminum. Aeroflow fittings provide superior thread strength and smooth assembly. Aeroflow's hex designed nipples provide a greater holding area for greater strength and easier assembly. Double Viton O-ring seals provide leak free performance when used with a wide range of fluids. Aeroflow's corrosion resistant, colour consistent, double anodizing and hand polished finish adds the final touch of quality and protection you have come to expect from Aeroflow.
