Description

FER-6206

Inlet Valve 6000 Series suit Holden V8 & Small Block Chevy 2.020" Head Dia, 11/32" Stem Dia, 5.160" O.A.L, 250" Tip Length

The 6000 Series Competition Valves are designed to provide excellent reliability in an environment of high spring pressures and roller cams, at a budget price. They have a higher fatigue resistance and tensile strengths than our competitor's best offerings. These valves can be used in Drag and Oval Track racing applications
