When excellent filtration is the key to fuel system performance Aeroflow's Pro Filters provide an inexpensive insurance policy to protect your investment. For 200 – 2700 plus HP applications, our filter assemblies offer unmatched flow and ease of maintenance and installation. The Pro Filters also include an internal magnet to catch fine particales and are available in blue, black and silver. Furthermore Aeroflow's Pro Filters are:

- CNC-machined from 6061-T6 aircraft aluminum
- feature serviceable filter elements
- feature an O-ring as part of the assembly
