- Lightweight I-Beam design for increased power and quicker RPM.
- All Scat Rods are precision honed on the latest Sunnen Equipment.
- Designed to handle increased horsepower versus stock replacement rods.

SCAT connecting rods feature the same high-quality craftsmanship that has led us to the forefront of the performance industry. SCAT rods are made from a 2-piece chromoly steel forging to ensure maximum strength and durability. We offer a complete line of Small and Big-Block Chevy, Small and Big-Block Ford, Holden and many more in both the I-Beam and H-Beam designs. Precision finished at SCAT on the newest and most modern machinery available by SCAT's master machinists.
